Overview

Three decades spanning studio practice and higher education — from BAFTA-winning interactive media for the BBC, BT and the European Commission, to writing degree programmes and examining them across Europe, North Africa, the Gulf and South-East Asia; a founding member and vice chair of the arts charity Pedestrian; and, having led a department where robotics, cyber security and interaction design sit side by side, now leading Software Engineering and sitting on the management team for the Cardiff School of Technologies.

Stuart McNeil is Head of Department for Software Engineering at Cardiff Metropolitan University, supporting a team of academics whose disciplines run from electronics engineering and robotics to human-computer interaction, cyber security and information systems, and leading the pedagogic development of the department's undergraduate and postgraduate awards. His doctorate, begun in 2020, is due for submission in September 2026.

He has taught on computing and design-led modules for over twenty years, focused on interaction design and software engineering management, and has led the development of numerous programmes at both undergraduate and postgraduate level. He has held External Examiner and Moderator roles at universities in the UK, Oman, Egypt and Spain, giving him a global perspective on computing and design education.

Before academia — and alongside it, through his own studio Deft Design — he worked in the interactive media sector, winning a BAFTA for Best New Media and developing creative solutions for international organisations and leading UK companies including the European Commission, the Foreign Office, the Intellectual Property Office, BT and the BBC. That real-world experience ignited a drive to attain the highest standards in design practice. He was also a founding member and vice chair of the arts charity Pedestrian, serving on its board across thirteen years.

2025 – 2026

Head of Department, Software Engineering

Cardiff School of Technologies, Cardiff Metropolitan University

Supports a team of academics spanning electronics engineering, robotics, human–computer interaction, cyber security and information systems, and leads the pedagogic development of the department's undergraduate and postgraduate awards. Part of the management team for the Cardiff School of Technologies.

2019 – 2025

Head of Department, Applied Computing & Engineering

Cardiff School of Technologies, Cardiff Metropolitan University

2019

Programme Director — Computing for Interaction BSc (Hons) & Computing with Creative Design BSc (Hons)

Cardiff School of Technologies

2012 – 2019

Senior Lecturer & Year Tutor

Cardiff School of Management

Level 5 year tutor 2014–2019 and 2012–13; Level 4 year tutor 2013–14. BSc Software Engineering, BSc Computing and BSc Business Information Systems.

2011 – 2012

Programme Director, Mobile, Web & Game Design BA/BSc (Hons)

Cardiff School of Management

2010 – 2012

Programme Director, BSc/HNC Computing & Information Systems (part-time)

Cardiff School of Management

Also Lead Academic for the MBA by Distance Learning, 2010–2012.

2009 – 2010

Head of Department, Creative Communications

Cardiff School of Art & Design

BA (Hons) Illustration · BA/BSc (Hons) Mobile, Web & Game Design · BA (Hons) Graphic Communication · BA (Hons) Music Production & Technology · BA (Hons) Media Studies with Visual Cultures · BA (Hons) Broadcast Media.

2008 – 2010

Programme Director, Design for Interactive Media BA/BSc (Hons) & Top-up

Cardiff School of Art & Design

2005 – 2010

Senior Lecturer

Cardiff School of Art & Design

Interaction design and new media teaching across Design for Interactive Media, Mobile, Web & Game Design, Graphic Communication and Fine Art.

2004 – 2007

Programme Director, Design for Interactive Media BA/BSc (Hons) & Top-up

Cardiff School of Business

Wrote the three-year degree up from the Top-up award, with extensive subsequent modification to keep the programme effective and current.

2001 – 2005

Lecturer, Computing

UWIC, Cardiff School of Business

Business Information Systems and Design for Interactive Media at HNC, HND, BSc and MSc level.

Departmental leadership

Leading multi-disciplinary departments

Applied Computing & Engineering · Creative Communications

Applied Computing & Engineering spans electrical and electronic engineering, robotics engineering, data security, computer security, computing with creative design, software engineering and business information systems. Creative Communications spanned illustration, mobile, web and game design, graphic communication, music production and technology, media studies with visual cultures, and broadcast media.

Curriculum & quality

Curriculum design, validation and quality assurance

Field Group Chair · Programme Director · Head of Department

Overseen and contributed to curriculum design for 10+ awards and led the design of three awards through to validation. As Field Group Chair, supported quality assurance across 60+ modules in the Cardiff School of Technologies. Reviewed departmental curriculum design and structures with the school management team, and led revalidation, staff training for implementation, and Registry/ASQ compliance.

Programme scale

Large-scale programme leadership

MBA by Distance Learning

Academic Lead for an award running six intakes a year with a tutor base of more than twenty.

People

Staff development, mentoring and performance

Head of Department · Academic Lead

Open-door, responsive and compassionate leadership: mentoring new staff, fair and collaborative workload allocation, appraisal and performance management. Has supported staff from probation through to Principal Lecturer and Reader, and students from undergraduate through to Associate Tutor.

Research & enterprise

Building research and enterprise capacity

Knowledge transfer · Strategic Insight

Supported the formation of research groups within a department, led staff training and collaborative development, and stimulated KTP and SIP growth. Participant in a Strategic Insight Programme in the business school, a KTP, and a reverse SIP in Cardiff School of Art & Design.

Governance

Committees, chairing and institutional representation

School Management & Planning Team

Active member of SMPT with experience of chairing school committee meetings. Committee service has included the Collaborative Provision Committee, E-Learning Process Management Group, Wireless Network Committee and Learning & Teaching Committee. Has represented the school at national events and acted as an ambassador for CSAD, CSM and CST.

Mediation

Mediation and arbitration

School and corporate policy

Responsibility for mediating student and staff issues, representing the school, and cross-school arbiter work. Experience of setting and evaluating risk assessments and operating policy on equality and diversity, health and safety, quality standards and continuous performance improvement.

Languages

Welsh

Remedial and improving

Has successfully managed an all-Welsh software development team.

Teaching & programmes

55 entries

Programme direction, year tutoring and module leadership across four schools and two decades. Expand a strand to see the modules.

2019 – present

MSc Computing · MSc IT Management

Module leader — Team Software Development Project

2019 – present

BSc Software Engineering · Computing · BIS · Computer Science · Games Development

Module leader — Research Methods

2013 – present

BSc Software Engineering · Computing · Business Information Systems

Module leader — Technology Project Management, Systems Development & Design

2011 – present

MSc Technology Project Management

Module leader & lecturer — Technology Project Management

2008 – 2012

Mobile, Web & Game Design BA/BSc (Hons)

Module leader — Design for Interaction, User Centred Design, Production Processes, Design for Change

Plus People, Realise, Process and Future (levels 4–6), Modernism in Art & Design, Art & Design after Modernism, Entrepreneurship & Professional Practice, Contemporary & Contextual Studies.

2007 – 2008

Cardiff School of Art & Design — cross-programme teaching

Graphic Communication BA · Fine Art MAP BA · Broadcast Media & Popular Culture BA

Creative Information, Web & Print, Competitions, Real World Projects, New Media, Audition.

2001 – 2007

Business Information Systems & Design for Interactive Media

HNC · HND · BSc · MSc

Multimedia, Commercial Aspects of Multimedia, MSc Human Computer Interaction, Retail Management BA/HND, and the full Design for Interactive Media module set.

External examining, moderation & validation

47 entries

Five external examinerships, three moderation positions, and validation panel service for UK and overseas awards on 32 occasions — across UK, European, Middle Eastern, North African and South-East Asian partner institutions.

2013 – 2016

External Examiner

Glasgow Caledonian University

MA 3D Design for Virtual Environments; BSc (Hons)/BSc Interactive Media Development; BA (Hons)/BA 3D Animation; BA Computer Games; BSc (Hons) Digital Design; BSc (Hons) Digital Design (3D animation and visualisation).

2014 – 2017

External Examiner

Staffordshire University — Gulf College, Oman

BSc Computing and BSc Software Engineering.

2014 – 2015

External Examiner

University of Ulster

FdA Interactive Design.

2011 – 2014

External Examiner

University of West London

BA (Hons)/Dip HE Games Development and BA (Hons)/Dip HE Digital Media Production.

2012 – 2016

External Moderator — all postgraduate studies

Arab Academy for Science, Technology & Maritime Transport, Egypt

2007 – 2016

External Moderator, Design for Interactive Media HNC & HND

Bridgend College, Glamorgan

An earlier period of moderation for the same awards ran 2003–2005.

2010 – 2012

External Moderator, Graphic Design BA (Hons)

EADE, Málaga, Spain

2002 – present

Conference paper reviewer

BCS Human Computer Interface Group, British Computer Society

Accreditation, review & validation events, 2024 – 2026

2005	PAYP — Positive Activities for Young People (Northampton, Leicester, Lincoln) Connexions
2004 – 2007	Below the Waterline Arts Council England, east midlands music promoters, regional music development agencies, GOEM, Prince's Trust
2003 – 2004	Tutoritool Arts Council England / Pedestrian

2020 – 2026

Doctoral Degree (PhD)

Cardiff Metropolitan University

Investigating contemporary issues within software engineering management. Submission September 2026.

2025

AgilePM® (v3) Foundation & Practitioner training

Cardiff Metropolitan University staff development

Scrum day (April 2025), two-day Foundation course and Foundation exam (May 2025), and two-day Practitioner course (June 2025). Backed by the Leading Agile Working Practices module.

2012

Postgraduate Certificate — Applied Social Research

Cardiff Metropolitan University

With postgraduate Research Methods and Ethics training the same year.

1993 – 1996

BA (Hons) Interactive Arts

University of Wales, Newport

Specialisms in telemedia, sound installation art, media theory & history, and site-specific art.

The good bits

“This working stuff is really cool”

Career moments, in Stuart's own words

- ★ A helicopter shoot at 250 ft above Tower Bridge with the sun flaring over the spires of London's skyline.
- ★ Having the corporate marketing tech team at BT in London stand around my work and ask “How did you do that?”
- ★ Winning a BAFTA for Best New Media, when I had no idea I was even entered.
- ★ Being involved with the excitement and passion of students researching and developing creative and inspirational work.
- ★ Onstage at Hackney Marshes with Ice-T, Mark B & Blade, Biz Markie and Rodney P.
- ★ Watching a young person who had been expelled from school, and excluded for the best part of his formative years, get his first qualification without realising it.
